Isotherm Portable Travel Boxes

Refrigerator - Freezers

Your reliable partner for daily use and in extreme conditions!

No matter where you decide to travel, Isotherm Travel Boxes offer the right cooling solution for your needs. Thanks to the new **BD Micro Compressor**, the Travel Box 15 and 18 are very compact but perform extremely well in tropical conditions. The Travel Box 31, 41 and 51 are especially convenient for daily use thanks to their light and compact design. .

The entire range of Isotherm Travel Boxes have a dual-speed function and digital control of the compressor: MAX mode and ECO mode. In MAX mode, the compressor runs at high speed for fast cooling. In ECO mode, the compressor runs at slower speed for greater economy and energy efficiency.

- Very light and compact design for outdoor conditions
- Use as fridge or freezer with operating temperatures from 50 °F to 0 °F
- Large capacities to store food and drinks - sizes from 15 to 51 liters (4 gal to 14.5 gal)
- Large units equipped with detachable, padded handles for easy transportation
- Reliability: Danfoss / Secop compressor and universal AC / DC electronic unit
- Easy to carry, adjustable shoulder straps for the TB 15 and TB 18

ISOTHERM PORTABLE TRAVEL BOXES ARE IDEAL FOR MAXIMUM COOLING AND MINIMUM BATTERY CONSUMPTION!

Load up a day's supply of beverages, chill them down quickly on MAX mode, then move the Isotherm Travel Box into the car and plug it into your car's DC outlet. Carry the versatile Isotherm Travel Box Portable Refrigerator / Freezer to your boat, change to ECO mode for minimum battery usage, and let the adventure begin! After a day on the water of fishing and fun, load the filleted fish into the Isotherm Travel Box and set it to freeze. By the time you get home you'll have a supply of fish freshly frozen from the lake or ocean!
